CHRISTINA JIMENEZ

JimenezFloyd, PC

Christina Jimenez founded JimenezFloyd, PC—originally The Jimenez Law Firm—in 2008. Since then, the firm has proudly represented hundreds of clients across North Texas in family law, divorce, and custody matters. Christina approaches every case with a belief that respectful resolution is often best—but is always prepared to litigate when necessary to protect her clients' interests.

“I became a leader and business owner not just to build something for myself, but to create a place where excellence, integrity, and impact could thrive,” she says. “A space where people grow, clients are served with purpose, and every challenge is an opportunity to rise higher.”

While her legal expertise and strategic vision have been key to the firm's success, Christina

credits her team for bringing that vision to life. From the start, she's prioritized hiring people of strong character—those who lead with integrity, work with purpose, and genuinely care about the clients they serve. “Our team is the heartbeat of JimenezFloyd's success.”

Inspired by her family's entrepreneurial spirit, Christina launched the firm in Odessa and later expanded into Midland and Denton County, opening offices in Flower Mound and Lewisville. Her results-driven approach has continued to fuel growth, including the addition of offices in Midland, Dallas and Bedford.

Christina is Board Certified in Family Law and a Texas Super Lawyer. She remains committed to leading with passion, purpose, and a client-centered focus.
